Approvals for Confluence offers two different ways of getting approval for your content:

- **Section Approval (Macro)**
  - Approve a Section
  - Create a Section Approval
  - Using Section Approvals in a template
- **Page Approval (Byline)**
  - Create a Page Approval (Cloud)
  - Configure Page Approval Permissions
  - See Dashboard View
  - Searching Page Approvals
  - Manage Page Approvals
  - Expire On Date (Cloud)
- Approval Teams
- Email Notifications
